

**ARE YOU AN OT PRACTITIONER OR  
STUDENT INTERESTED IN A FREE  
EDUCATIONAL PROGRAM ON  
SUPPORTING TRANSITION-AGED  
YOUTH AT RISK?**

**IF YES, PLEASE JOIN:**

# **From the Inside OuT: Supporting Transition-Age Youth At Risk Through a Sensory Processing, Trauma-Informed, Occupation- Based Lens**

**This free educational module series led by Kean University Occupational  
Therapy Doctoral Candidate, Kelly Barry.**

*TAYAR are defined as: "individuals including emerging adults, ages 16-25, approaching transition from child-serving systems, who have experienced trauma/adverse childhood experiences (ACEs) and/or are at risk of or present with mental, emotional, or behavioral health challenges that impact function and transition to adulthood"*

## **Project Phases:**
